

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- In the claims: **Claim 19, line 17** (as filed on 11/1/07) should read:  
-- (3) an elastomeric toroidal seal ring located at a vibrational **node** of the ultrasonic --  
(emphasis added).

### *Allowable Subject Matter*

2. Claims 12-23 are allowed.
3. The following is an examiner's statement of reasons for allowance: The references of the Prior Art of Record fail to teach or suggest either alone or in obvious combination the limitations as set forth in claims 12 and 19. The references of the IDS filed on May 7 and 8, 2008 have been fully considered but failed to disclose the seal assembly as claimed in the independent claims and the toroidal seal ring located at a vibrational node of the ultrasonic probe as required.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
